

Mould connection terminal WA0216

All outer- en grid-dimensions see also table and drawing on „mould connection terminals“, page 2/2.

Connection terminal for moulds up to
8 zones with TC (2x 4 zones)

Also available in EUROMAP 14 – version
with 1 connector 16-pol. Gr. 27 with 1 latch
and pin-insert (for heater) and
1 connector Gr. 16 with 1 latch with female-
contact insert (for thermocouple)

Art.-Nr. 80702.14

Norm for pin-assignment :
see datasheet

Specification

Connector	2 St. industrial norm connector Gr.27
	Pin 16-pol. 180°C
Appropriate connection cable	VK 16...
Dimensions (WxHxD)	278x52x72mm (w/o connector)
Material	Steel plate 1,5mm powder coated RAL 7030
Weight	1,25kg
Art.-Nr.	80702

Mould connection terminal WA0124

All outer- en grid-dimensions see also table and drawing on „mould connection terminals“, page 2/2.

Connection terminal for moulds up to
6 zones with TC

Norm for pin-assignment :
see datasheet

Specification

Connector	1St. industrial norm connector Gr.27
	Pin 24-pol. 180°C
Appropriate connection cable	VK 24...
Dimensions (WxHxD)	155x52x72mm (w/o connector)
Material	Steel plate 1,5mm powder coated RAL 7030
Weight	0,8kg
Art.-Nr.	80703

Mould connection terminal WA0224

All outer- en grid-dimensions see also table and drawing on „mould connection terminals“, page 2/2.

Connection terminal for moulds up to
12 zones with TC (2x 6 zones)

Norm for pin-assignment :
see datasheet

Specification

Connector	2St. industrial norm connector Gr.27
	Pin 24-pol. 180°C
Appropriate connection cable	VK 24...
Dimensions (WxHxD)	327x52x72mm (w/o connector)
Material	Steelplate 1,5mm powder coated RAL 7030
Weight	1,45kg
Art.-Nr.	80704

Mould connection terminal WA0248

All outer- en grid-dimensions see also table and drawing on „mould connection terminals“, page 2/2.

Connection terminal for moulds up to
24 zones with TC (2x 12 zones)

Norm for pin-assignment :
see datasheet

Specification

Connector	2 Pc. industrial norm connector Gr.27
	Pin 48-pol. 125°C
Appropriate connection cable	As requested
Dimensions (WxHxD)	350x52x126mm (w/p connector)
Material	Steel plate 1,5mm powder coated RAL 7030
Weight	3,0kg
Art.-Nr.	80708
